

2022 Pleasure Feast COVID-19 Protocols (as of 1/10/22)

The Pleasure Feast is a limited seating availability event held only twice each festival day. This music, dance and comedy show is performed in the round with all guests seated side by side around the outside of a ring of feasting tables. Conditions related to operating indoor activities during the Covid-19 pandemic have recently changed.

There is no reasonable opportunity to operate the feast and performances and to also provide for social distancing or to offer the feast for a group smaller than the already small capacity of the Feast Hall.

Therefore, until it is known the Covid-19 conditions have subsided, **at the time of day of reservation check-in at the Feast Hall tower everyone attending The Pleasure Feast must present evidence of Covid-19 vaccination or negative test results from laboratory or healthcare personnel completed within the 7 days prior to your day of seating.**

If Covid conditions and guidance allows, we can reconsider this temporary but necessary policy. This pertains to the Feast event only, not general admission to the Renaissance Festival outdoor fairgrounds.
